SUMMARY

Architectural designer and Master of Architecture candidate at SCAD, with five years of practice in Mumbai across hospitality, commercial, public and residential projects. Works across design and documentation, visualisation, and project management from first proposal to onsite execution, alongside freelance experience in graphic design, web design and AI. Founder of the ARCHV design collective.

PROFESSIONAL EXPERIENCE

Fabrication Monitor

SCAD Foundation Studies • Savannah, GA, United States • Nov 2024 - Present • Part Time

- Manage inventory for the Foundation Studies fabrication studio, alongside equipment maintenance and shop safety.
- Support students in making models and using the shop's tools and processes.
- Build what the shop needs, from jigs and fixtures to signage, displays and repairs.

Architect

Faizan Khatri Design Workshop (F'KD Workshop) • Mumbai, India • 2021 - 2023 • Full Time

- Helped build the studio from the ground up; hired and led teams and mentored junior architects.
- Ran projects end to end, from first proposal through onsite execution.
- Delivered design, visualisation and project management across hospitality, public and residential work, often several projects at once.

Architect

Studio Eight Twentythree (Studio 823) • Mumbai, India • 2018 - 2021 • Full Time

- Joined as an intern in the final year of architecture school and continued full time after graduation.
- Hospitality, commercial, research and residential interiors, mentored by Samir Raut and Faizan Khatri.

Founder, Architecture Collective

ARCHV • Mumbai, India and Online • 2018 - Present • Part Time

- Founded a transdisciplinary collective running collaborative projects across installations, exhibitions, research and fabrication.
- Hosted Virtual Gods, India's first online group art exhibition, in 2020; it remains live.
- Built the Open Source Design Library, an open-access archive of buildable prototypes with build guides.

Architectural Intern

Pragrup • Bangalore, India • Jan 2016 - Jun 2016

- Six months of full-scale building: wood houses, competitions, commercial spaces and experimental graphics.

EDUCATION

Master of Architecture (MArch), Architecture

Savannah College of Art and Design (SCAD) • Savannah, GA, United States • 2024 - 2027 (expected)

- NAAB-accredited professional degree. Focus on large-scale architecture, parametric modelling and AI-assisted design tools, working toward a thesis on AI and cultural fusion.

Bachelor of Architecture (BArch), Architecture

DBHCOA, University of Mumbai • Mumbai, India • 2012 - 2019
